

I am writing to voice my opposition to proceeding 02-278. I have participated in Indiana's Do Not Call List for the past 2 years. It has been wonderful not having the phone ring while I am having dinner or after 9PM when I think something has happened to one of my family members. If the idea of having caller ID to screen calls is brought up, I would appreciate your taking into consideration that when I signed up for the Do Not Call List, this is my caller-ID screening. If I didn't mind their intrusions into my life, I would not have signed up for the DO NOT CALL LIST!
